PROTECTO – expert in modern fence tapes and screening mats

PROTECTO fence tapes offer a practical solution for creating a durable, stylish, and functional barrier. They provide effective protection for private properties, balconies, commercial sites, and industrial areas. Acting as a visual shield, they also protect against weather conditions such as strong winds, snowfall, and excessive sunlight.

The products in this series require no maintenance or removal during the winter season. Installation can be done without the need for specialized tools, and the universal sizes of the tapes are compatible with 2D and 3D fence panels, including those with a 4.7 cm embossing. The wide range of colors allows for flexible fence design according to the user's preferences.

This is a reliable solution for customers seeking a solid product at a competitive price, backed by a 5-year manufacturer's warranty.

The main advantages of PROTECTO products:

- provide **complete privacy** and an aesthetic fence finish
- protect against wind, snow, and external noise
- resistant to typical weather conditions year-round
- require no maintenance or removal during winter
- **easy and quick installation** without the need for specialized tools
- compatible with most 2D/3D fence panels (including those with a 4.7 cm embossing)
- **available in a wide range of colors**, with the option to combine colors freely
- excellent price-to-quality ratio
- **5-year durability warranty**

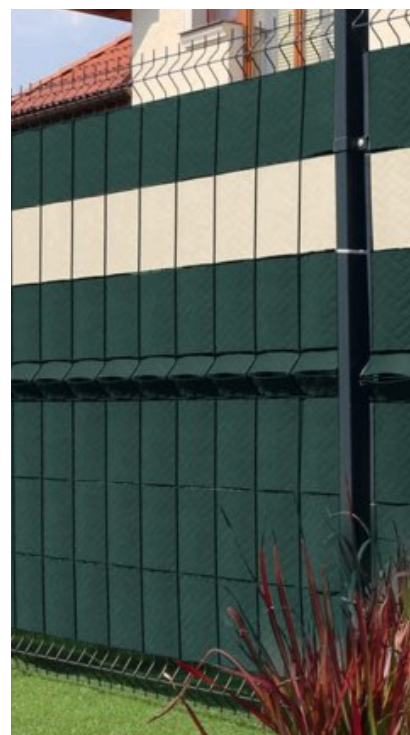

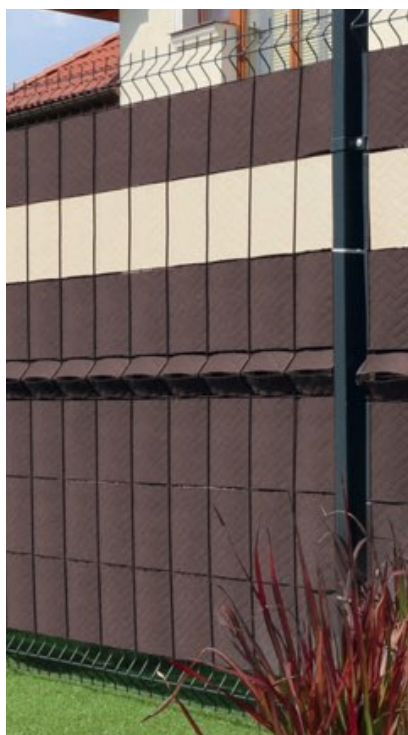

PROTECTO products are covered by a 5-year manufacturer's warranty, confirming their durability and resistance to typical external conditions. This is a proven choice for customers looking for a long-lasting solution at an affordable price – without the risk of fading, cracking, or loss of aesthetics.

By choosing PROTECTO, you are investing in solutions that **maintain high quality for many years**.

FOR FENCES, BALCONIES, TERRACES... FOR MANY YEARS!

We invite you to explore the new addition to our range of fence tapes. They effectively protect privacy and are resistant to harsh weather conditions, such as wind and snow. No maintenance or removal is required during the winter season. Easy installation and a variety of colors allow for creating aesthetic designs. The tapes are compatible with 2D and 3D fence panels, with a spacing of 19.3–19.5 cm between the bars, ensuring a wide range of applications. The perfect choice for areas that require both protection and aesthetics.

INTERESTING COLOR COMBINATIONS

EASY INSTALLATION

Weave the fence tape through the panel.

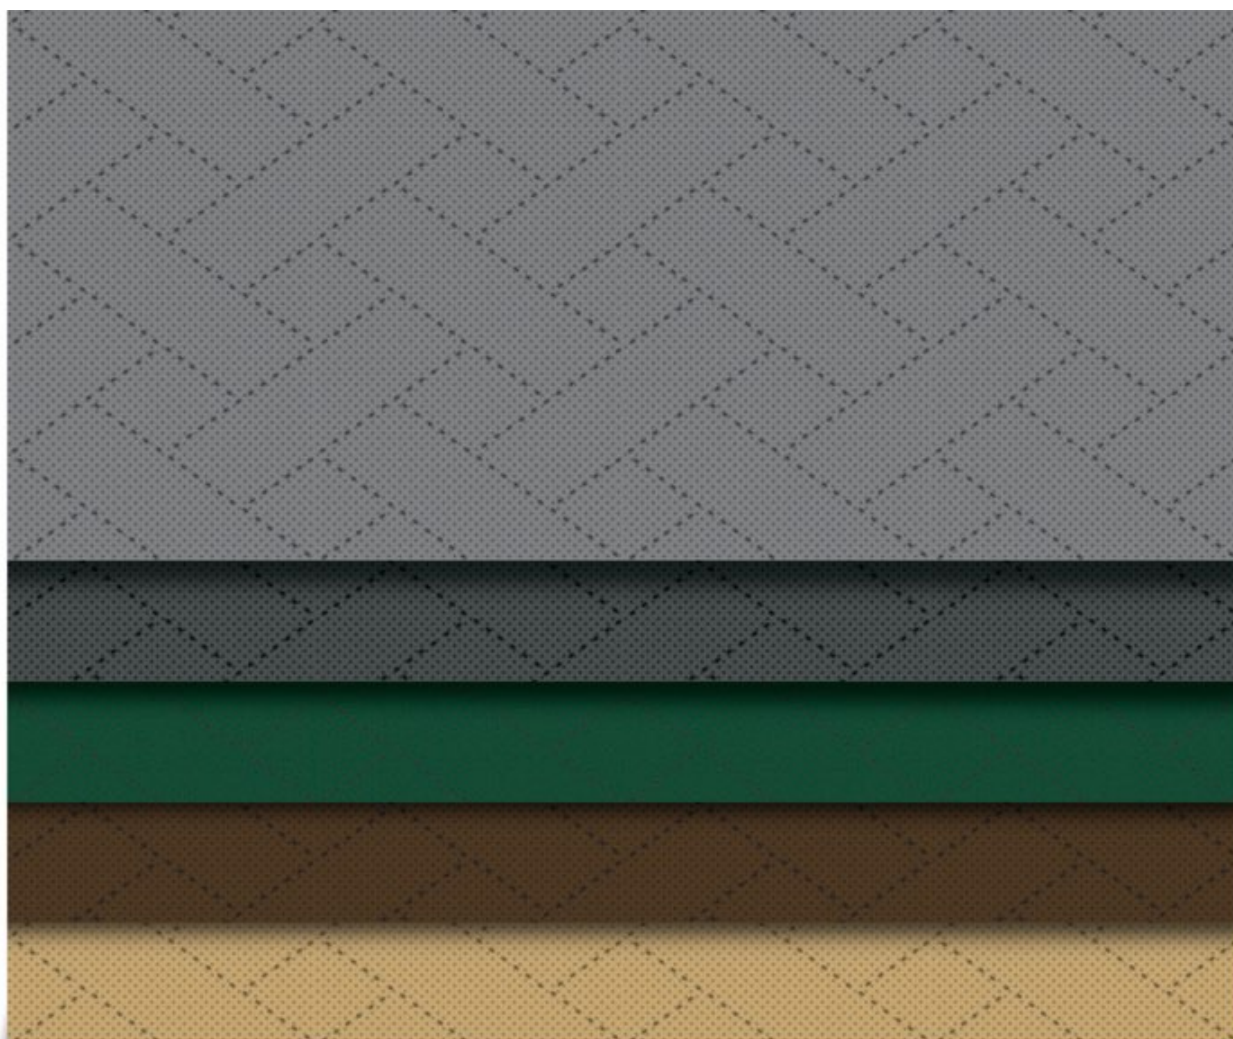

Wrap the tape end around the bar.

Press the clip.
